What is Transplant House ?

Transplant House is an independent nonprofit corporation formed by organ transplant recipients and volunteers in the Seattle area.

It is a comprehensive resource for families going through the transplant process.

It does not offer medical advice or services. It provides support, hope and courage in the face of this incredible challenge.

Transplant House supports and facilitates the protocols of the University of Washington Medical Center.

At Transplant House you won't be alone.

Transplant House Services

- 1. Seattle Housing placement**
- 2. Transportation from Transplant House to hospitals and clinics**
- 3. Assistance in managing complicated medical schedules**
- 4. Personal care**
- 5. Most services are provided by caregivers and volunteers**

IN DEDICATION TO
OUR DONOR FAMILIES

“There is no greater love than
your compassion and gift of
life.”

Mission Statement

To provide transplant patients and their caregivers with high quality, affordable accommodations in a safe and supportive, homelike environment in partnership with the University of Washington Medical Center.
